SUMMARY Seeking Internship starting January 2025(4 months)

Abdou El Haimar, a dedicated **computer science** enthusiast poised to embark on an enriching **internship** journey. My passion for technology fuels my pursuit of opportunities to enhance my skills and contribute to groundbreaking projects. Proficient in **Python, Java, and C/C++**, I am well-prepared to tackle real-world challenges and absorb insights from seasoned professionals.

PROJECTS

StudySpot(Postgres, REACT, Express.js, node.js)

- My team and I Implemented a **Platform for productive** purposes to help organize **group study sessions** to stay **focused** in the time allotted using **PERN STACK**.
- Led my team as **developer** in successfully delivering **milestones** and presenting our award winning **web/mobile app** on time and within allocated budget.

TOMobilti(Flutter, .NET Core, C#)

- Implemented with my team a Car rental application with many new and innovative features using **Flutter** and **.NET core** with **C#**.
- I contributed heavily on the backend and the UX/UI design of our many prototypes using **figma**

Similarity between movies (Machine learning, NLP, Clustering, unsupervised learning)

- Used **NLP** to find the degree of **similarity** between movies based on their plots available on IMDb and Wikipedia that can be used for future recommendation system.
- The **dataset** used contains the titles of the top 100 movies on **IMDb** as well as each movie's plot summary from both IMDb and Wikipedia.

EDUCATION AND EXPERIENCE

- **Al akhawayn University in Ifrane:** Bachelor of Science in Computer Science **2020-2024**
Major in Computer Science, Minor in Business administration.
- **Technical University of Ostrava, Czech Republic:** Semester Exchange at VSB **Feb 2024 - May 2024**

- My team and I won the university's annual **hackathon** sponsored by **Huawei**.
- Participated in many local **chess competitions**.
- My team and I pitched one of our **startup ideas** to an **entrepreneurship mentorship** and investment program at **Al akhawayn university entrepreneurship week**.
